

COVID-19 WATER/SEWER SHUT OFF NOTICE

The Willingboro MUA remains deeply committed to the health, safety and well-being of our customers, employees and the communities we serve during this State of Emergency.

We know that our customers rely on us to provide them the highest quality drinking water and to collect and treat the wastewater and return it safely to the environment at the lowest possible cost. Please know that we are doing our part in fulfilling this commitment.

The MUA will suspend shut offs of water/sewer to customers for non-payment during the State of Emergency. In order to take advantage of this suspension, you must first email us at customersupport@wmua.info. We will then contact you to enter a deferred payment arrangement once the State of Emergency has been lifted. This will give customers experiencing financial difficulties during the COVID-19 virus additional time to pay their bills. If you don't have email service, please call customer service at 609-877-2900.
