All bonds issued and to be issued under the Junior Lien Bond Resolution are and will be equally secured by the pledge and covenants made in the General Bond Resolution, however, such bonds shall constitute subordinated indebtedness and the pledge of the Junior Lien Bonds shall be in all respects subordinate to the provisions of the General Bond Resolution and the lien and pledge created by such General Bond Resolution with respect to any bonds issued by the Authority thereunder. Such pledge and other obligations of the Authority under the General Bond Resolution may be discharged at or prior to the maturity of redemption of the bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the General Bond Resolution.

This Bond is issued pursuant to the Loan Agreement dated as of _____, 202__ by and between the REGISTERED OWNER, acting by and through the New Jersey Department of Environmental Protection, and the Authority (the “Loan Agreement”), and is issued in consideration of the loan made thereunder (the “Loan”) and to evidence the payment obligations of the Authority set forth in Section 3.03(a) thereof. Payments under this Bond shall, except as otherwise provided in the Loan Agreement, be directly made to the Trust’s Trustee (as defined in the Loan Agreement) for the account of the REGISTERED OWNER. This Bond is entitled to the benefits and is subject to the conditions of the Loan Agreement. The obligations of the Authority to make the payments required hereunder shall be absolute and unconditional, without any defense or right of set-off, counterclaim or recoupment by reason of any default by the REGISTERED OWNER under the Loan Agreement or under any other agreement between the Authority and the REGISTERED OWNER or out of any indebtedness or liability at any time owing to the Authority by the REGISTERED OWNER or for any other reason.

This Bond is subject to optional prepayment under the terms and conditions, and in the amounts, provided in Section 3.07 of the Loan Agreement. To the extent allowed by applicable law, this Bond may be subject to acceleration under the terms and conditions, and in the amounts, provided in Section 5.03 of the Loan Agreement.

RESOLUTION 2025-09-17-06

DECLARING ITS OFFICIAL INTENT TO REIMBURSE EXPENDITURES FOR PROJECT COSTS FROM THE PROCEEDS OF DEBT OBLIGATIONS IN CONNECTION WITH ITS PARTICIPATION IN THE NEW JERSEY INFRASTRUCTURE BANK FINANCING PROGRAM – 3.5M BOND FOR HOLYOKE TANK

WHEREAS, the Willingboro Municipal Utilities Authority (the "Borrower") is a public body corporate and politic of the State of New Jersey, created and organized pursuant to the Municipal and County Utilities Authorities Law, constituting Chapter 183 of the Pamphlet Laws of 1957 of the State of New Jersey, and the acts amendatory thereof and supplemental thereto (the "Act"); and

WHEREAS, the Borrower intends to acquire, construct, renovate and/or install the environmental infrastructure project more fully described in **Exhibit A** attached hereto (the "Project"); and

WHEREAS, the Borrower intends to finance the Project with debt obligations of the Borrower (the "Project Debt Obligations") but may pay for certain costs of the Project (the "Project Costs") prior to the issuance of the Project Debt Obligations with funds of the Borrower that are not borrowed funds; and

WHEREAS, the Borrower reasonably anticipates that obligations, the interest on which is excluded from gross income under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), will be issued by the New Jersey Infrastructure Bank (the "Issuer") to finance the Project on a long-term basis by making a loan to the Borrower with the proceeds of the Issuer's obligations (the "Project Bonds"); and

WHEREAS, the Borrower desires to preserve its right to treat an allocation of proceeds of the Project Debt Obligations to the reimbursement of Project Costs paid prior to the issuance of the Project Debt Obligations as an expenditure for such Project Costs to be reimbursed for purposes of Sections 103 and 141 through 150, inclusive, of the Code.

NOW, THEREFORE BE IT RESOLVED BY THE WILLINGBORO MUNICIPAL UTILITIES AUTHORITY, and the members and commissioners thereof, as follows:

Section 1. The Borrower reasonably expects to reimburse its expenditure of Project Costs paid prior to the issuance of the Project Debt Obligations with proceeds of its Project Debt Obligations.

Section 2. This resolution is intended to be and hereby is a declaration of the Borrower's official intent to reimburse the expenditure of Project Costs paid prior to the issuance of the Project Debt Obligations with the proceeds of a borrowing to be incurred by the Borrower, in accordance with Treasury Regulations §150-2.

Section 3. The maximum principal amount of the Project Debt Obligations expected to be issued to finance the Project is \$3,500,000.

Section 4. The Project Costs to be reimbursed with the proceeds of the Project Debt Obligations will be "capital expenditures" in accordance with the meaning of Section 150 of the Code.

Section 5. No reimbursement allocation will employ an "abusive arbitrage device" under Treasury Regulations §1.148-10 to avoid the arbitrage restrictions or to avoid the restrictions under Sections 142 through 147, inclusive, of the Code. The proceeds of the Project Bonds used to reimburse the Borrower for Project Costs, or funds corresponding to such amounts, will not be used in a manner that results in the creation of "replacement proceeds", including "sinking funds", "pledged funds" or funds subject to a "negative pledge" (as such terms are defined in Treasury Regulations §1.148-1), of the Project Debt Obligations or another issue of debt obligations of the Borrower, other than amounts deposited into a "bona fide debt service fund" (as defined in Treasury Regulations §1.148-1).

Section 6. All reimbursement allocations will occur not later than 18 months after the later of (i) the date the expenditure from a source other than the Project Debt Obligations is paid, or (ii) the date the Project is "placed in service" (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than 3 years after the expenditure is paid.

Section 7. This resolution shall take effect immediately.

EXHIBIT A

The Project consists of improvements to the Holyoke Lane Tank, which is an elevated 1,000,000 gallon potable water storage tank. RESOLUTION 2025-09-17-09

DECLARING ITS OFFICIAL INTENT TO REIMBURSE EXPENDITURES FOR PROJECT COSTS FROM THE PROCEEDS OF DEBT OBLIGATIONS IN CONNECTION WITH ITS PARTICIPATION IN THE NEW JERSEY INFRASTRUCTURE BANK FINANCING PROGRAM – 1.7M TM1 SANITARY SYSTEM

WHEREAS, the Willingboro Municipal Utilities Authority (the "Borrower") is a public body corporate and politic of the State of New Jersey, created and organized pursuant to the Municipal and County Utilities Authorities Law, constituting Chapter 183 of the Pamphlet Laws of 1957 of the State of New Jersey, and the acts amendatory thereof and supplemental thereto (the "Act"); and

WHEREAS, the Borrower intends to acquire, construct, renovate and/or install the environmental infrastructure project more fully described in Exhibit A attached hereto (the "Project"); and

WHEREAS, the Borrower intends to finance the Project with debt obligations of the Borrower (the "Project Debt Obligations") but may pay for certain costs of the Project (the "Project Costs") prior to the issuance of the Project Debt Obligations with funds of the Borrower that are not borrowed funds; and

WHEREAS, the Borrower reasonably anticipates that obligations, the interest on which is excluded from gross income under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), will be issued by the New Jersey Infrastructure Bank (the "Issuer") to finance the Project on a long-term basis by making a loan to the Borrower with the proceeds of the Issuer's obligations (the "Project Bonds"); and

WHEREAS, the Borrower desires to preserve its right to treat an allocation of proceeds of the Project Debt Obligations to the reimbursement of Project Costs paid prior to the issuance of the Project Debt Obligations as an expenditure for such Project Costs to be reimbursed for purposes of Sections 103 and 141 through 150, inclusive, of the Code.

NOW, THEREFORE BE IT RESOLVED BY THE WILLINGBORO MUNICIPAL UTILITIES AUTHORITY, and the members and commissioners thereof, as follows:

Section 1. The Borrower reasonably expects to reimburse its expenditure of Project Costs paid prior to the issuance of the Project Debt Obligations with proceeds of its Project Debt Obligations.

Section 2. This resolution is intended to be and hereby is a declaration of the Borrower's official intent to reimburse the expenditure of Project Costs paid prior to the issuance of the Project Debt Obligations with the proceeds of a borrowing to be incurred by the Borrower, in accordance with Treasury Regulations §150-2.

Section 3. The maximum principal amount of the Project Debt Obligations expected to be issued to finance the Project is \$1,700,000.

Section 4. The Project Costs to be reimbursed with the proceeds of the Project Debt Obligations will be "capital expenditures" in accordance with the meaning of Section 150 of the Code.

Section 5. No reimbursement allocation will employ an "abusive arbitrage device" under Treasury Regulations §1.148-10 to avoid the arbitrage restrictions or to avoid the restrictions under Sections 142 through 147, inclusive, of the Code. The proceeds of the Project Bonds used to reimburse the Borrower for Project Costs, or funds corresponding to such amounts, will not be used in a manner that results in the creation of "replacement proceeds", including "sinking funds", "pledged funds" or funds subject to a "negative pledge" (as such terms are defined in Treasury Regulations §1.148-1), of the Project Debt Obligations or another issue of debt obligations of the Borrower, other than amounts deposited into a "bona fide debt service fund" (as defined in Treasury Regulations §1.148-1).

Section 6. All reimbursement allocations will occur not later than 18 months after the later of (i) the date the expenditure from a source other than the Project Debt Obligations is paid, or (ii) the date the Project is "placed in service" (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than 3 years after the expenditure is paid.

Section 7. This resolution shall take effect immediately.

The Project consists of the replacement and relocation of several hundred feet of aged, deteriorating asbestos sanitary sewer gravity pipe, located in the South Branch Mill Creek, to the outside of the stream channel into the adjacent wetland area.
